ABOUT COMPANY

EVOLVE INFRA PRIVATE LIMITED was incorporated under the Companies Act 2013 (18 of 2013) as Limited Company with Corporate Identity Number U43299CH2025PTC046521 on 24th September 2025 by the Registrar of Companies and established its registered headquartered in Chandigarh.

Evolve is a specialist firm providing high-quality highway construction, structural development, and infrastructure maintenance services. The company is capable to execute projects across highway structures, flexible and rigid pavements for routes from district roads to expressways, and construction of residential, commercial, and government buildings and giving their services in these sectors. Also offers specialized consulting that employs advanced technologies to optimize asset performance and improve client outcomes. We are committed to delivering specialized services across India in the field of highway construction and maintenance. In pursuit of this mission, our management has recognized road safety - for both users and workers - as a vital and inseparable responsibility. Environment, Health, Safety, and Quality (EHSQ) form the cornerstone of our organizational values. Accordingly, we have rigorously implemented the EHS and Quality Management Systems under Mission Evolve. As part of this initiative, our management has established a comprehensive policy addressing these critical aspects and launched a five-year program to foster a culture of EHS and Quality excellence throughout the organization.

01.

VISION

To emerge as a leading global force in infrastructure development and integrated services, advancing progress through uncompromising quality, cutting-edge technology, and unwavering integrity.

02.

MISSION

To deliver end-to-end services in engineering, architecture, consulting and project management that are grounded in innovation, driven by quality, and guided by sustainability. We aim to empower communities, businesses, and governments through smart design and strategic execution - ensuring every project adds lasting value to people and the planet.

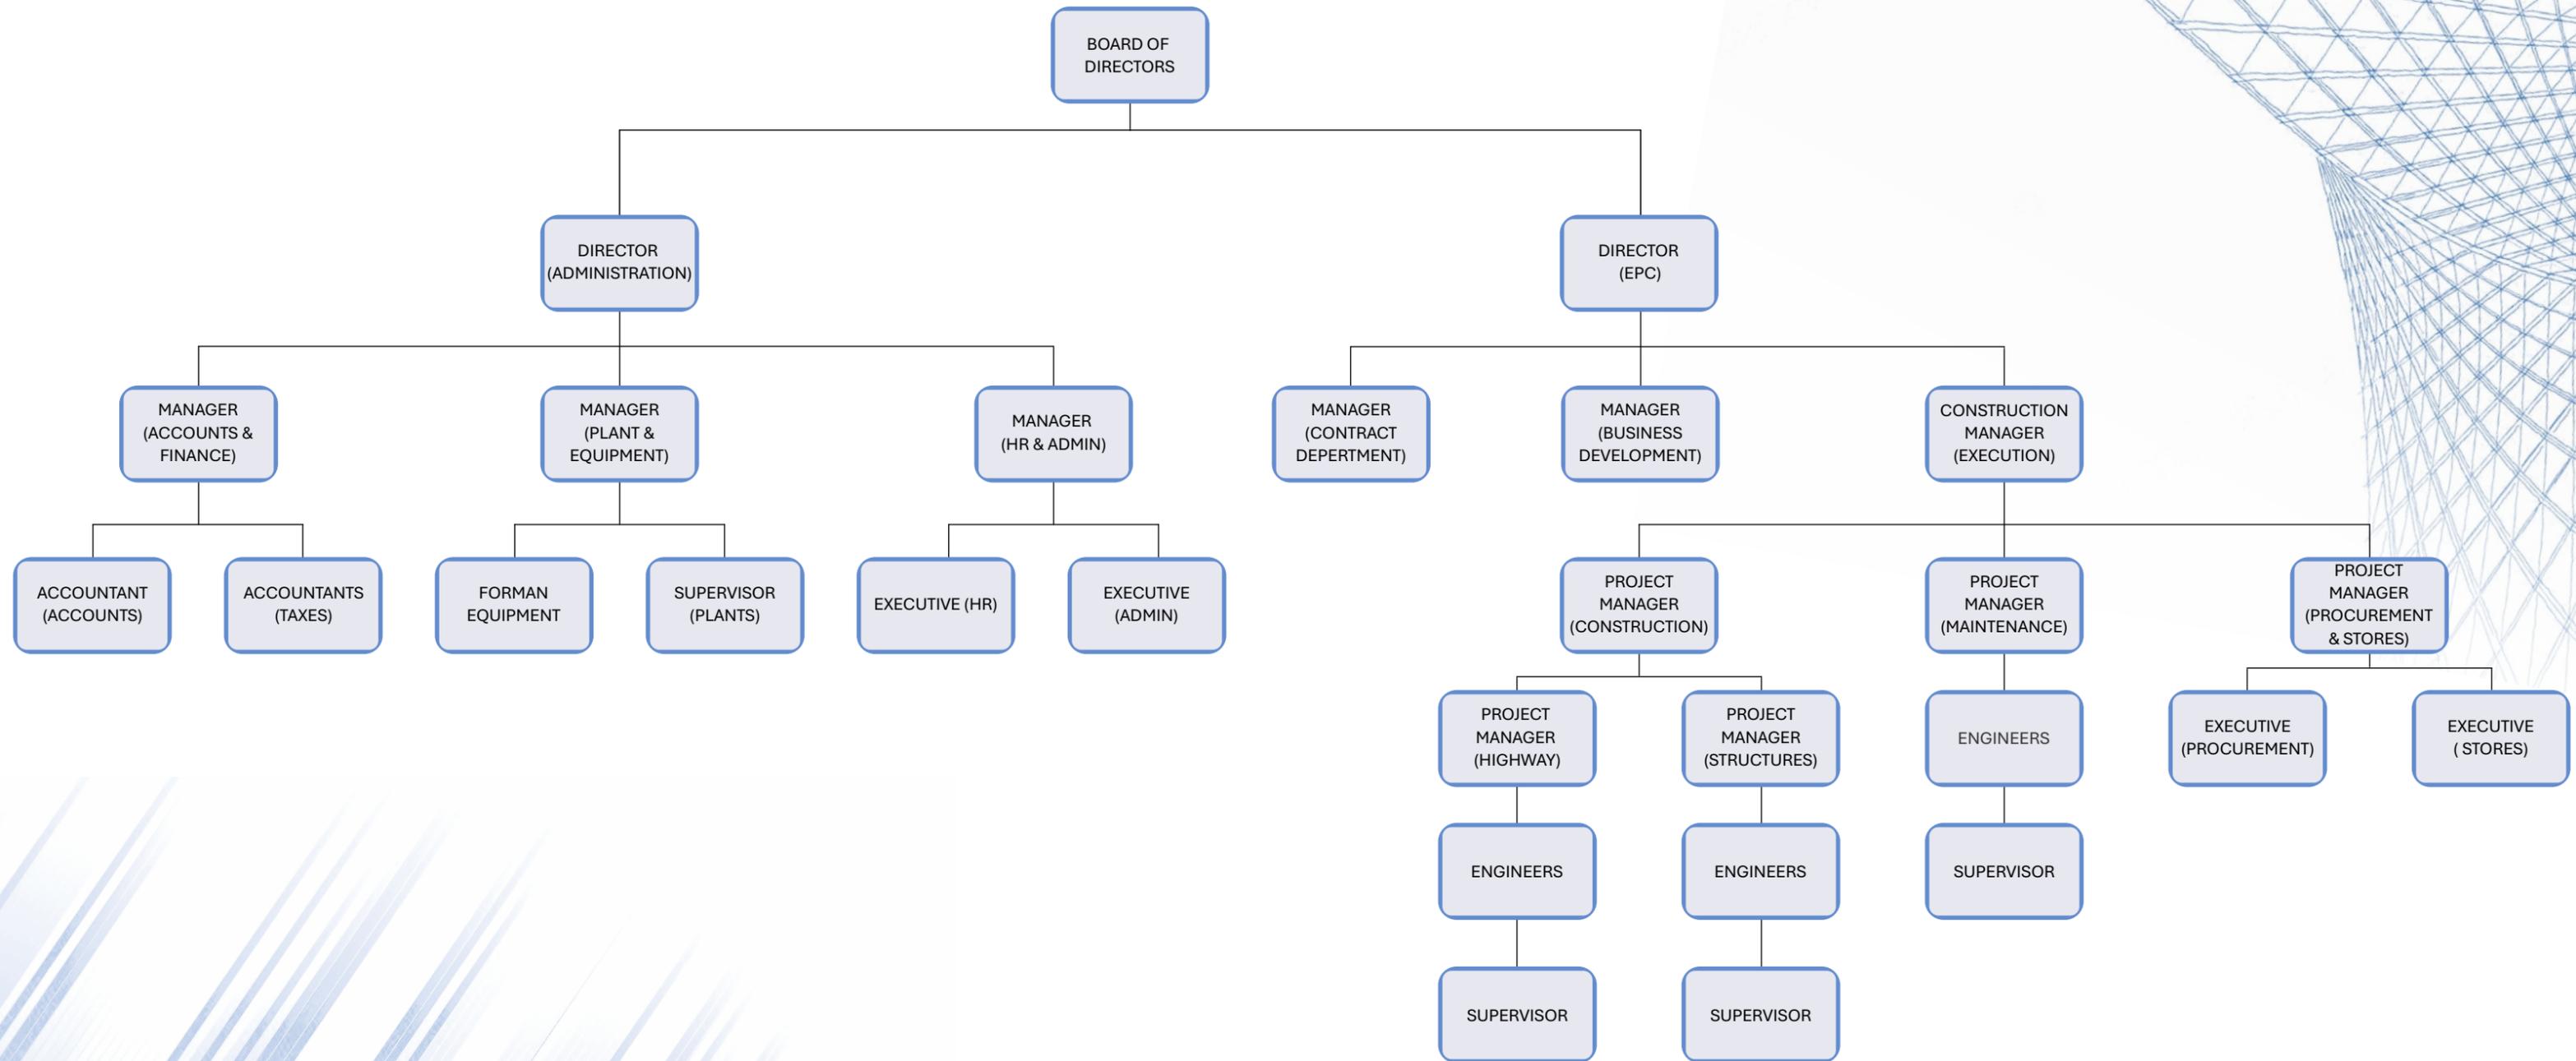

03.

CORE VALUE

At Evolve, we are guided by integrity, collaboration, and an unwavering commitment to excellence. Every engagement is built on transparency, trust, and uncompromising quality. By advancing innovation and championing sustainability, we drive meaningful progress and deliver lasting value.

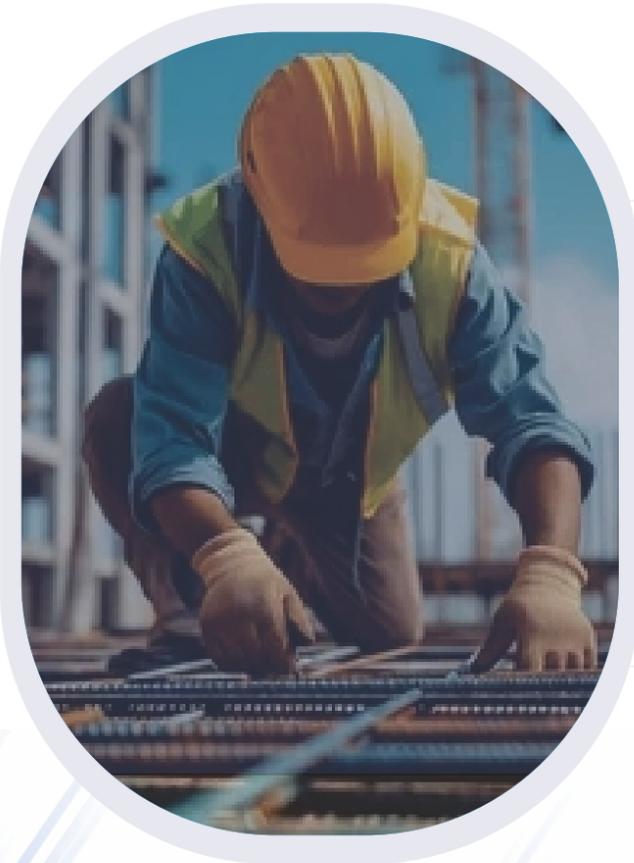

OUR TEAM

STAY INSPIRED. NEVER STOP CREATING

STRATEGIC VISION

Combining deep engineering expertise with a technology-first design platform, EVOLVE accelerates high-value technical services that convert strategic vision into quantifiable outcomes.

CORE SERVICES

01 COMMERCIAL DEVELOPMENTS:

The company undertakes a wide range of commercial projects including construction and development of highways, bridges, metros, railways, airports, sea ports, dams, power stations, and urban infrastructure.

02 CUSTOM RESIDENTIAL CONSTRUCTION:

Evolve infra private limited designs and builds bespoke residential projects that reflect the unique preferences and lifestyles of each client. From architectural planning to final finishes, every detail is managed with precision. We ensuring functionality, aesthetics, and long-term value in residential construction and mixed-use developments.

03 OPERATION & MAINTENANCE (O&M):

Services across all infra segments including specialized technologies such as micro-surfacing and cold-in-place recycling. Toll operations including collection, route patrolling, incident management, and routine/preventive maintenance.

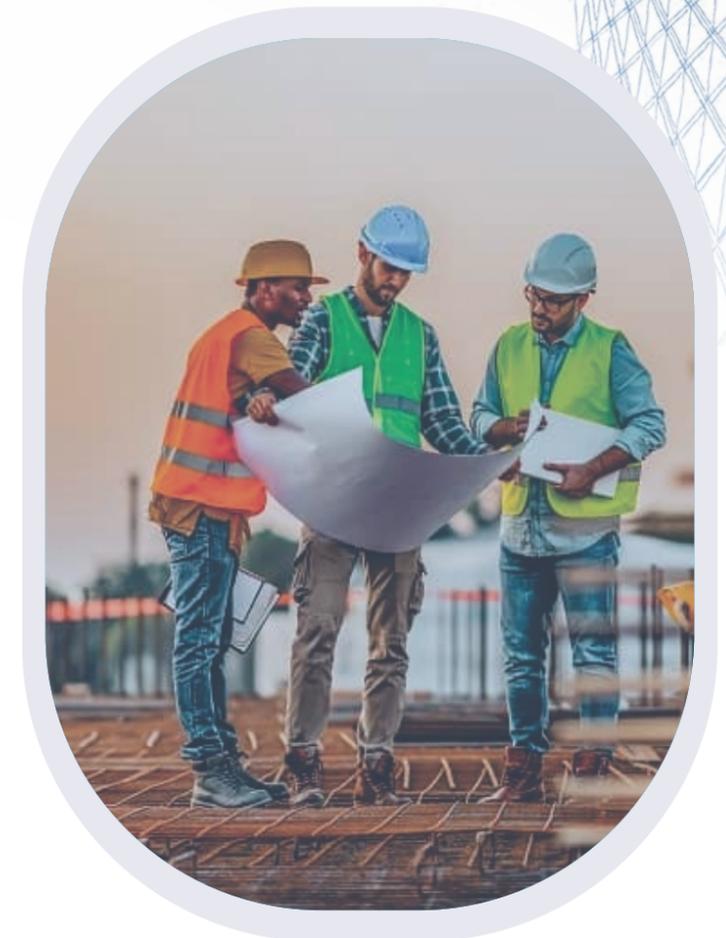

CORE SERVICES

04 CONSULTANCY & PROJECT MANAGEMENT:

We provide strategic consultancy and project management services in collaboration with public and private entities: business consulting, advisory, supervision and administration, contracting and sub-contracting, turnkey project execution, project coordination and management.

05 GREEN BUILDING INITIATIVES:

Evolve infra private limited integrates eco-friendly practices and materials into its construction processes, promoting energy efficiency, reduced environmental impact, and compliance with green building standards.

KEY STRENGTHS

01

CLIENT CENTRIC APPROACH:

Evolve Infra Private Limited prioritizes open communication, transparency, and collaboration throughout every phase of a project.

02

INNOVATION AND TECHNOLOGY:

Leveraging modern construction techniques and digital tools, the firm enhances project efficiency and quality control.

03

COMMITMENT TO SAFETY :

Strict adherence to safety protocols ensures secure work environments for both employees & clients.

04

SUSTAINABILITY FOCUS:

Evolve Infra Private Limited actively promotes sustainable development through responsible sourcing, waste reduction, and energy-conscious design.

SERVICES WE OFFERED

01 SITE PREPARATION

Clearing and grubbing, Earthwork and Compaction.

02 SUBGRADE PREPARATION

Laying, Level and compaction of natural soil (subgrade). Soils stabilization (lime, cement, or geotextiles). Drainage systems etc.
